Dear Quinn & Scattini,

I want to thank you and your team for the assistance offered to me in the recent lease and franchise agreement negotiations, that we undertook for our three businesses.

I found the service offered by your firm to be very professional. The service was always prompt and communication excellent throughout the term of the negotiation periods.

I have also recently received consistent service in an ongoing matter after the finalisation of my accounts and this additional service has been very welcomed. It really does demonstrate that Quinn and Scattini care for the clients whilst acting for them and also after.

The advise that was provided to me after the perusal of the legal documents from Raymond was always very thorough and Raymond was very meticulous about making sure that all l's were dotted and t's were crossed. This made me feel very comfortable that all legal affairs were correct and any possible abnormality taken care of.

I would personally recommend the services of Quinn and Scattini.

Yours Sincerely,

A handwritten signature in black ink, appearing to read 'Darren Grimwade', with a long horizontal flourish extending to the right.
