Dear Raymond,

We just want to say a huge THANK YOU to you and the team at Quinn & Scattini Caboolture for your help with our recent business acquisition.

When we first contacted you all those months ago we were so impressed at how quickly and professionally you responded to our queries. Little did we all know just how complicated this 'simple' process would become! We were completely overwhelmed with all of the complex issues that popped up along the way, but you were brilliant and made us feel at ease throughout the process. We are so grateful for your knowledge, kind nature and attention to detail. Without it we would have walked away months ago. It was reassuring to have someone on our side just as committed to our business as we are.

Now it is all finished and we are settling into our new business we can honestly say how glad we are we didn't walk away. So, thank you again. We can highly recommend you and the Quinn & Scattini team. It's great to have a fantastic local legal firm. You are absolutely wonderful.

Kindest regards,

Darren & Andrina Tribbeck
