

Wise Realty, Management & Development

For several years we have worked very successfully with Quinn & Scattini Lawyers mainly in relation to conveyancing matters for our clients and ourselves. In early 2009 a difficult commercial leasing situation arose which could have left us in an unacceptable and untenable commercial position.

Our lawyer from the Q&S Business Team reviewed the situation, made us aware of the relevant issues then dealt with the other party assertively. The other party quickly conceded enough ground for us to take control of the situation on terms favourable to us. There was no need for potentially difficult litigation.

We are very happy with the result which has been achieved and with the practical advice and professionalism of Quinn & Scattini Lawyers. Based on our experience we are happy to recommend Quinn & Scattini Lawyers for commercial leasing matters, and of course conveyancing.
